every woman's inner beauty

THIS IS THE DREAM:

In America, everybody has a chance to 'make it.'
And yet, the top 300,000 taxpayers combined
now claim as much income as the bottom 150
million Americans. This has created what
The New Tork Times calls 'A New Gilded Age,'
where wealth freezes at the top, inequality
is higher than all other industrialized nations,
and many see their DRRAMS vanish.
